He has for many years been prominently connected with the order of Knights of Pythias, and has held

some of its highest offices. He is well and favorably known over a large section of country as an editor and K. of P. We are glad to add this short tribute of respect to an appreciated contemporary.

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle, and to her delight found herself benefited from the first dose. She continued its use, and after taking six bottles found herself sound and well, now does her own housework, and is as well as she ever was.

In this issue of the Commercial Courier will be found the announcement of Mr. W. H. Gardner, for mayor. Mr. Gardner is one of our present aldermen, and is too well known to our citizens to need a word of introduction from this paper. He is one of the city's best and most progressive business men and it is well enough to say that he has been one of the wheel horses of the city board for a number of years. His qualifications are all right in every particular, to make a good mayor, and if elected, he would take as much delight in doing his duty, as he sees it as any man in the city. A fuller notice and a cut of Mr. Gardner can be seen elsewhere in this paper.
